## Announcement

The Third Joint Meeting of the Society for Investigative Dermatology and the European Society for Dermatologic Research will be held at the Rai Congrescentrum in Amsterdam, The Netherlands, June 9-14, 1979.

In addition to formal and poster presentations of current research, special lectures will be given by Dr Jan Waldenstrom, Dr. A. L. de Weck, Dr. Aaron B. Lerner, and Dr. Howard Green.

Workshops will be conducted on the following topics:

Titles	Moderators
Complement	Gigli/Wuepper
Lupus Erythematosus/NZB mouse	Gilliam/Edelson
Problems with PUVA	Kraemer/Van Scott/J. Epstein
Mycosis Fungoides	Braverman/Lanberg
Warts	Lowry/Milstone
Keratinization	Steinert/Elias
Cell Culture	Schneider/Karasak
Plastic Section in Microscopy	Mihm/Steven Cohen/Andrews

Those persons who want to present their work at one of the workshops should write to the Secretary-Treasurer, Mitchell Sams, Jr., M.D., Department of Dermatology, North Carolina Memorial Hospital, Chapel Hill, North Carolina 27514. Information regarding housing and other arrangements is also available through Dr. Sams. The members of the Board and the Program Committee hope that many members of the SID will be able to attend this meeting.
